

## TRAVEL, TRAVEL, TRAVEL!

No matter where you want to go, you can take your Luggie with you. When you get there just unfold, hop on, and off you go!

With a lightweight lithium battery you can travel up to 25 kms between charges. And the battery charger will work in any country.

The Luggie is ideal for those who want to travel the world or just nip down to the local shops. It's so easy to fold up you can pack it into the boot and take it with you.

# Luggie®

the portable travel  
mobility scooter

FOLD ► PACK ► TRAVEL

## WHY LUGGIE?

- Easy to fold up
- Easy to operate
- Easy to transport
- Cool stylish design
- Highly engineered
- Up to 160 kg capacity
- Safe and strong
- Easy to charge

## CRUISING

Take the Luggie on a cruise and get around the decks with ease

## FLYING

Fly with the Luggie. The lithium-ion batteries are IATA approved for taking on as hand luggage and your Luggie travels free!

## DRIVING

Easily folds up to fit in the boot of the car to go shopping, on holidays, or off to a show!

## TREKKING

This tough little scooter will take you places you didn't think possible. It will handle quite rough terrain.

"My wife and I very much enjoy travelling and exploring foreign parts. I purchased a Luggie Scooter three and a half years ago and have used it extensively both at home and overseas."

**Scott travelling in the USA**

"I can fully endorse Luggie as a scooter for those with mobility issues who want to travel overseas. It was so easy to load it into cars, to go to restaurants, for sightseeing and shopping."

**Ray after his trip to the USA**

"Since I bought it I have been travelling to so many different places and more often, because the small light scooter has been so easy to use.... My scooter is nearly four and a half years old now and I love it!"

**Maureen on the ice in Iceland**
