TRAVEL

FOLDABLE & PORTABLE

No matter where you want to go, you can take your Luggie with you. When you get there just **unfold, hop on, and off you go!**

With **lightweight lithium batteries** you can travel **up to 20 kms** between charges. And the battery charger will work in any country.

The Luggie is ideal for those who want to **travel the world** or just down to the **local shops**.

And it's so **easy to fold up:** you can pack it into the boot and take it with you.

EASY TO LOAD

Unlike other foldups you can **half fold** the Luggie for ease of loading by one person, or **fully fold** when space is at a premium. At 23 kgs it's **truly portable**.

EASY TO ADJUST

The Luggie can be adjusted in many configurations to suit your comfort and ease of use.

Since I bought the Luggie, I have been travelling to so many different places, and more often, because the small light scooter has been so easy to use.

Maureen's first Luggie lasted 7 years and she's now on her second, upgraded Luggie

The Luggie is such a great scooter for getting around the mall. And it's the best for loading into the car boot.

Kath

DRIVING

Easily folds up to fit in the boot of the car to go shopping, on holidays, or off to a show!

CRUISING

Take the Luggie on a cruise and get around the decks with ease.

FLYING

Fly with the Luggie – in Australia or overseas. The lithium-ion batteries are IATA approved for taking on as hand luggage and your Luggie travels free!

TREKKING

With eight different models there's sure to be a Luggie to suit you, even when the road is rough.

WHY LUGGIE?

- Easy to fold up
- Easy to operate
- Easy to transport
- Cool design
- Highly engineered
- Eight models

My wife and I very much enjoy travelling and exploring foreign parts. I purchased a Luggie Scooter three and a half years ago and have used it extensively both at home and overseas.

Scott Sanderson in the USA on his Luggie

John Thearle is a polio survivor from the 1940's. His wife Mary-Lou loads the Luggie into the Camry boot and they have 'walked' around Brisbane parks during the COVID-19 crisis.

OPTIONS:

- Underseat carry bag
- Larger 16.5 a/h Li-ion battery
- Armrests for Eco and Standard
- Sheepskin seat cover
